Part-Time Advanced Math/ACT Instructor (Salt Lake City) – Sylvan Learning Center

Sylvan Learning is the industry leader in providing supplemental education to children in pre-kindergarten through 12th grade. With nearly 30 successful years in the business, we guarantee positive educational results every step of the way. Our passionate instructors are certified, and our expert approach is personal and prescriptive, with each individual student's needs in mind.

Our talented employees experience daily the impact they make. We're an organization that prides itself in instilling knowledge and confidence in each customer we benefit! Join us, and be inspired!

JOB DESCRIPTION:

Just Teaching. No Lesson Plans. No Preparation.

As a part-time Sylvan Instructor, you will be trained on the Sylvan curriculum and given the tools to teach in a small group, 3:1 setting. You will provide personalized instruction in Math, Geometry, and Calculus, and SAT/ACT prep to students of all levels.

If you aspire to inspire, then we want you on our team. As a successful Instructor, you will:

- Teach using Sylvan based programs
- Supervise, interact with and motivate students during instruction hour while they work with equipment and materials
- Maintain a positive attitude and demonstrate enthusiasm for teaching and Sylvan

We require:

- Bachelor’s degree or progress towards one in mathematics or science field
- Excellent ACT score
- Willingness to undergo a background check

If you want to be a part of an inspired organization that believes in fostering knowledge and confidence in children, improving the lives of thousands of families every day - apply today!
