

Getting Started

Obtaining services through disability services involves a few steps:

1. Complete the Disability Information Questionnaire (form available on LDSBC Disability Services website)
2. Call the Student Development Center front desk at (801) 524-8151 to set up an intake appointment with the disability services representative.
3. Bring Questionnaire and documentation of your disability to the Student Development Center prior to or at the time of your appointment. Sources of documentation may include:
 - Medical records
 - Psychological evaluation
 - IEP or 504 Plan (must be supported by documentation from a treating physician)
 - Documentation from another college/university
 - The Documentation of Disability Form (form available on LDSBC Disability Services website)

If your health care professional is faxing or e-mailing documentation, please call our office to follow up on the receipt of documentation. Notification from our office will not be available.

4. Meet with disability services representative to go over documentation and questionnaire, and to discuss potential modifications.
5. Receive modification forms to give to teachers.
6. Meet with teachers to give them the modification form and discuss how the modifications will work in their classroom.
